EDUCATION

SRM Institute of Science and Technology

Bachelor of Technology in Computer Science and Engineering

Chennai, India

Sep. 2020 – May 2024

PROFESSIONAL EXPERIENCE

Associate Analyst Development

Sun Life Global Solutions

Aug. 2025 – Present

India

Absence Claim Automation (Agentic AI Platform)

- Engineered an AI-driven workflow automating FMLA leave validation, targeting TAT reduction from 15 days to 3–4 days
- Developed modular agents (Extraction, Validation, Decision) using LangChain orchestration
- Built REST APIs using FastAPI with PostgreSQL and designed React dashboards
- Mentored 4 Graduate Engineer Trainees on agentic system architecture

Document Converter Platform

- Developed reusable Storybook components using TypeScript, React, and MUI
- Integrated PrinceXML for PDF generation from JSON/XML inputs
- Engineered AWS Step Functions and Lambda orchestration; configured IAM roles and managed S3
- Implemented Jenkins CI/CD pipelines and initiated AI-driven automation (40% accuracy, WIP)

Graduate Engineer Trainee

Sun Life Global Solutions

Aug. 2024 – Aug. 2025

India

GitHub Copilot Productivity Metrics Platform

- Designed and developed a full-stack analytics system to measure productivity and cost savings
- Built backend services using Flask (Python) and SQL database
- Engineered React web application enabling Excel uploads and automated processing
- Analyzed datasets using NumPy and Pandas for monthly effort savings computation
- Deployed platform used by 30+ engineering squads; awarded Employee of the Quarter (Q2 2025)

TECHNICAL SKILLS

Languages: Python, C++, SQL (Postgres), JavaScript, HTML/CSS, Typescript

Frontend: React, Storybook, Material-UI

Backend: FastAPI, Flask

Cloud and DevOps: AWS (Lambda, Step Functions, IAM, S3, API Gateway, CloudWatch), Jenkins

Databases : PostgreSQL, SQLite

AI/ML: LangChain, NumPy, Pandas

RESEARCH & CERTIFICATIONS

Research Publication: Botnet Attack Detection in IoT using Deep Learning

Published at the 15th International Conference on Computing, Communication and Networking Technologies (ICCCNT)

Certifications:

- Google Cloud Platform – Coursera
- Machine Learning – Stanford University (Coursera)
- AWS Cloud Operations – AWS Academy
